Hace más de 10 años disfrutando de la programación. FrontEnd developer. Febril defensor del trabajo en forma remota. Hace casi siete años forma parte de la enorme familia Automattic. Desde su no tan querida ciudad de Centenario, en la Patagonia Argentina, mantiene aún viva la llama 🔥 por este arte tan odiado como querido.

## Definición

*Patterns are predefined layouts of blocks that can be inserted as starter content that are meant to be changed by the user every time. Once inserted, they exist as a local save and are not global.*
